Founded in 1985 by Dr. Ivan Misner, Ph.D., Business Network International — BNI — is the largest networking organization in the world. Currently there are more than 4,600 chapters with over 85,000 members in 43 states and 34 countries. In 2005, members of BNI made over 4 million referrals, which generated over \$1.7 billion in business for our members.

At the Danville MIDDAY Referral Group, we operate on the *Givers Gain* philosophy: those who give business freely to others will benefit by getting business in return. Our chapter members are like-minded, successful business owners who consistently provide a positive, supportive, and structured environment in which to grow our businesses through word-of-mouth marketing and the exchange of quality business referrals.
